## Remote Touch

The Remote Touch can be used to operate the Remote Touch screens.

### ■ Basic operation
① "∧•∨" button
Press this button to change map scale and scroll through lists.

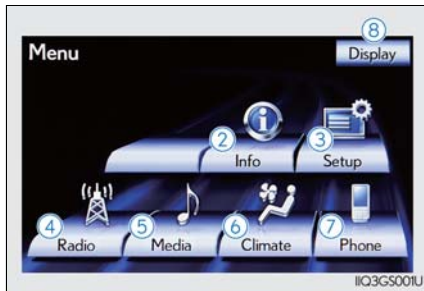
② Compass ("MAP/VOICE") button
Press this button to display the compass mode screen (vehicle's current position).

③ Remote Touch knob
Use this knob to move the cursor and select items on the screen.
Feedback force, pointer sound volume, on or off of selection sounds etc. can be changed. Refer to the "Owner's Manual" and "Navigation System Owner's Manual".

④ "MENU" button
Press this button to display the "Menu" screen.

## ■Menu

Vehicles without a navigation system

Vehicles with a navigation system


Press the "MENU" button on the Remote Touch to display the "Menu" screen.

① "Destination" (→P.51)

② "Info/Apps" or "Info"

③ "Setup"

④ "Radio" (→P.65)

⑤ "Media" (→P.64)

⑥ "Climate" (→P.68)

⑦ "Phone" (→P.57)

⑧ "Display" (→P.49)

## ■Side Display (vehicles with a navigation system)

The following functions can be displayed and operated on the "Side Display".

① Audio (→P.64)

② Air conditioning (→P.68)

③ Vehicle information

## ■Display
Press the "MENU" button on the Remote Touch and select "Display" on the "Menu" screen.

① Displays the screen in "Day Mode" with the headlight switch on

② Turns the screen off

③ Change function

④ Adjust contrast/brightness

## Screen scroll operation

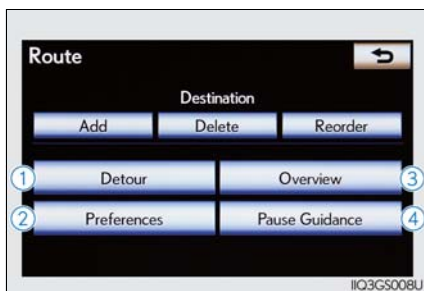
To scroll over the map, place the pointer in a position near the desired destination and then press and hold the Remote Touch knob.

1. Indicates the street name, city name, etc. for the selected point
2. Displays various information for the selected point
3. Indicates the distance from the current position to the pointer
4. Switches the screens
5. Zooms in on the map
6. Zooms out on the map

## Setting a route

While route guidance is operating, you can change the route using the following method.

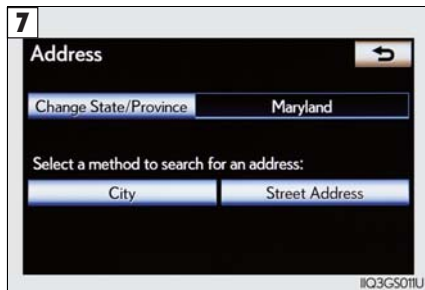
Select "Route".

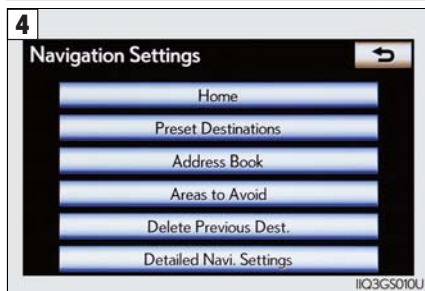
The following settings can be accessed


1. Detour setting
2. Route preferences
3. Route overview
4. Pause and resume route guidance

Some functions are unavailable while the vehicle is in motion. Refer to the "Navigation System Owner's Manual".

# Navigation System (if equipped)

## ■ Register home




1. Press the "MENU" button on the Remote Touch.
   Please refer to page 47 for the Remote Touch operation.
2. Select "Setup".
3. Select "Navigation.".
4. Select "Home".
5. Select "Set Home".
6. Select "Address".
7. Select "City".
8. Input a city name and select "OK".
9. Select the screen button of the desired city name from the displayed list.
10. Input the street name and select "OK".
11. When the desired street name is found, select the corresponding screen button.
12. Input a house number and select "OK".
13. Select "Enter".
14. Select "OK".

## Destination input——Search by address

Select by city name

1. Press the "MENU" button on the Remote Touch.
   Please refer to page 47 for the Remote Touch operation.
2. Select "Destination".
3. Select "Address".
4. Select "City".
5. Input a city name and select "OK".
6. Select the screen button of the desired city name from the displayed list.
7. Input the street name and select "OK".
8. When the desired street name is found, select the corresponding screen button.
9. Input a house number and select "OK".
10. Select "Go to".
11. Select "OK".

**Select by street address**

1. Press the "MENU" button on the Remote Touch.
   Please refer to page 47 for the Remote Touch operation.
2. Select "Destination".
3. Select "Address".
4. Select "Street Address".
5. Input a house number and select "OK".
6. Input the street name and select "OK".
7. When the desired street name is found, select the corresponding screen button.
8. Input a city name and select "OK".
9. Select the screen button of the desired city name from the displayed list.
10. Select "Go to".
11. Select "OK".

## Destination input——Search points of interest by name

**1** Press the “MENU” button on the Remote Touch.
Please refer to page 47 for the Remote Touch operation.

**2** Select “Destination”.

**3** Select “Point of Interest”.

**4** Select “Name”.

**5** Input the name of the point of interest and select “OK”.

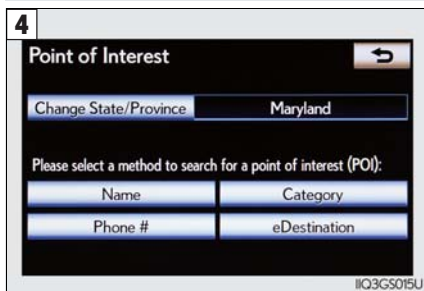
**6** Select the screen button of the desired destination.

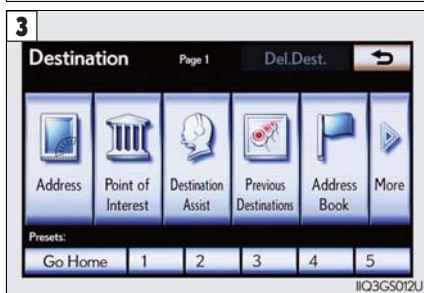
**7** Select “Go to”.

**8** Select “OK”.

## ■ Destination input——Search points of interest by category

1. Press the "MENU" button on the Remote Touch.
   Please refer to page 47 for the Remote Touch operation.
2. Select "Destination".
3. Select "Point of Interest".
4. Select "Category".
5. Select "Near a Destination".
6. Select the screen button of the desired destination and set screen the search point.
7. Select the desired point of interest category from the displayed list.
8. Select the screen button of the desired item.
9. Select "Go to".
10. Select "OK".

## ■ Destination input——— Search points of interest by telephone number




1. Press the “MENU” button on the Remote Touch.
   Please refer to page 47 for the Remote Touch operation.
2. Select “Destination”.
3. Select “Point of Interest”.
4. Select “Phone #”.
5. Input a telephone number and select “OK”.
6. Select “Go to”.
7. Select “OK”.

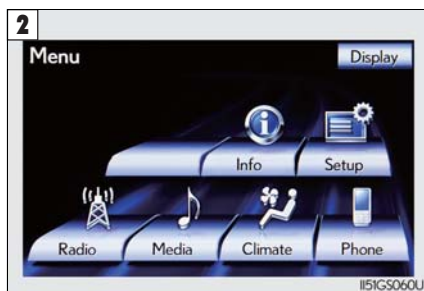
# Hands-free System For Cellular Phone

## ■Bluetooth® phone pairing

Compatible Bluetooth®-equipped phones can be connected to the vehicle, enabling hands-free operation. Please refer to the cellular phone manufacturer's user guide for pairing procedures, or go to "www.lexus.com/bluetooth" for more phone information.

II51GS060U

II55GS001U

II55GS002Ua


To use a Bluetooth® phone, it is necessary to first register it in the system.

1. Press the "MENU" button on the Remote Touch.
   Please refer to page 47 for the Remote Touch operation.
2. Select "Phone".
3. Select "Yes".
4. Enter the passcode displayed on the screen into the phone.
   Refer to the cellular phone user's manual for cellular phone operation.
5. If a completion message is displayed, registration is complete.

## Phonebook transfer

1. Press the "MENU" button on the Remote Touch.
   Please refer to page 47 for the Remote Touch operation.
2. Select "Setup".
3. Select "Phone".
4. Select "Phonebook".
5. Select "Manage Contacts".
6. Select "Transfer Contacts".
7. Select "Update Contacts".
8. Transfer the phonebook data to the system using the cellular phone.
   Refer to the cellular phone user's manual for cellular phone operation.

Phonebook transfer may not be possible depending on phone model.

## ■ Registering a speed dial
1 Press the "MENU" button on the Remote Touch.
Please refer to page 47 for the Remote Touch operation.

2 Select "Setup".

3 Select "Phone".

4 Select "Phonebook".

5 Select "Manage Speed Dials".

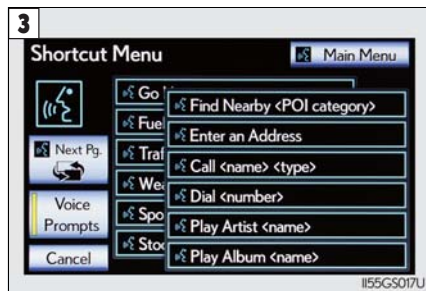
6 Select "New".

7 Select the data you want to register.

8 Select the desired phone number.

9 Select the button you want to register in.

## ■ Calling by name

You can call by saying a voice tag registered in the phonebook. For setting the voice recognition, refer to the “Owner’s Manual” and “Navigation System Owner’s Manual”. Only when English is selected as the system language can you call by saying a name registered in the phonebook without registering any voice tags beforehand. (Names in the phonebook work as voice tags.)
1. Press [switch].
2. Follow the voice guidance and say “Call <name> <type>”.
3. Follow the voice guidance and say a contact name.
4. Follow the voice guidance and say “Dial”.


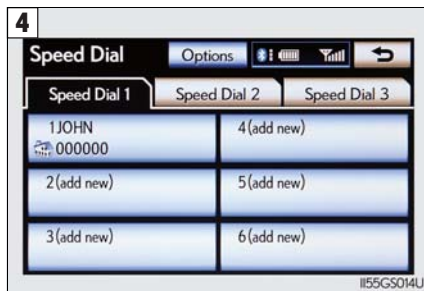
: Pressing this switch turns the voice command system on. Say a command after the beep.

## Calling by speed dial

1 Press the “MENU” button on the Remote Touch.
Please refer to P.47 for the Remote Touch operation.

2 Select “Phone”.

3 Select “Speed Dials”.

4 Select the desired number to call.


## ■ Calling using SMS/MMS message

1. Press the "MENU" button on the Remote Touch.
   Please refer to P.47 for the Remote Touch operation.
2. Select "Phone".
3. Select "Messages".
4. Select "SMS/MMS" tab.
5. Select the desired received message from the displayed list.
6. Press [button] on the steering wheel.

The tab display may vary depending on the type of cellular phone.

## ■Receiving a call
**1** When a call is received, this screen is displayed with a sound.

**2** Press [icon] on the steering wheel to talk on the phone.

To refuse the call, press [icon] on the steering wheel.

## ■Steering switches
1. Sending/Receiving/"Phone" screen display
2. End call/Refuse call
3. Start the voice command system
4. Return to the previous screen
5. Increases/decreases volume

# Audio System

## Audio control screen

Follow the procedure below to display the audio control screen.

1. Press the "MENU" button on the Remote Touch.
   Please refer to page 47 for the Remote Touch operation.
   The "Menu" screen will be displayed.
2. Using the Remote Touch, select "Radio" or "Media" and select each tab.

## Side Display (vehicles with a navigation system)

Operations such as selecting a preset station or track are carried out on the screen.

① Changing the audio sources

② Station selector/selecting a track/file/chapter

## Remote control (steering wheel switches)

Some audio features can be controlled using the switches on the steering wheel.
① Radio mode: Selects a radio station
Audio CD mode: Selects a track
MP3/WMA disc mode: Selects a file and folder
DVD mode: Selects a chapter
iPod mode: Selects a song

② Increases/decreases volume

③ Turns the power on, selects an audio source

## Basic operation

1. Sound quality modes
2. Audio sources
   **AM:** AM radio
   **FM:** FM radio
   **SAT:** Satellite radio
   **Apps (if equipped):** Internet radio broadcast
   **DISC:** DVD player/CD player
   **iPod:** iPod
   **USB:** USB memory
   **BT Audio:** Bluetooth® audio
   **AUX:** Auxiliary audio device
3. Power/Volume

## Radio
1. Station selector
2. Scanning for receivable stations
3. Using HD Radio™ Technology (if equipped)
4. Adjusting the frequency
5. Preset turning/seeking the frequency

### Entering station presets

**1** Select the desired station by using the tune, the seek or the scan function.

**2** Using the Remote Touch, select one of the left side screen buttons (1-6) and hold it until a beep is heard, indicating that the station has been set.
There are 6 sets of 6 presets. There is a total of 36 presets.

## DVD player/CD player

### Playing an audio CD
1. Random playback
2. Repeat play
3. Playback/pause
4. Selecting a track
5. CD eject

### Playing a CD with MP3/WMA files
1. Random playback
2. Repeat play
3. Playback/pause
4. Selecting a file
5. Folder selection
6. CD eject

## Playing a DVD

1. Image display (full screen)
2. Reverse
3. Stop
4. Playback/pause
5. Fast forward
6. Chapter selection
7. DVD eject

## Operating an iPod

1. Shuffle playback
2. Repeat play
3. Playback/pause
4. Select play mode
5. Song selection

## Rear seat audio controls (if equipped)

Some front audio features can be controlled from the rear seats.
1. Preset station or folder etc.
2. Track or file etc.
3. Volume
4. Audio sources
5. Power

## Front Air Conditioning System

Without rear air conditioning system
With rear air conditioning system

1. Outside temperature
2. Passenger's side temperature control
3. Passenger's side temperature display
4. Front seat air outlet selector
5. Windshield wiper de-icer
6. Micro dust and pollen filter
7. Outside air or recirculated mode
8. Rear window and outside rear view mirror defoggers
9. S-FLOW mode
10. Off
11. Automatic mode
12. Driver's side temperature display
13. Driver's side temperature control
14. Windshield defogger
15. DUAL mode
16. Cooling and dehumidification function on/off
17. Fan speed control
18. Air flows to the feet and the windshield defogger operates
19. Rear air conditioning operation screen
20. Passenger's side air outlet selector
21. 3-ZONE mode
22. Driver's side air outlet selector

## ■ Side Display (vehicles with a navigation system)

Without rear air conditioning system

With rear air conditioning system
Operations such as changing the air outlets or fan speed are carried out on the screen.

① Fan speed control

② Passenger's side temperature control

③ Passenger's side temperature display

④ DUAL mode

⑤ Automatic mode

⑥ Cooling and dehumidification function on/off

⑦ Driver's side temperature display

⑧ Driver's side temperature control

⑨ Front seat air outlet selector

⑩ Passenger's side air outlet selector

⑪ 3-ZONE mode

⑫ Driver's side air outlet selector

## ■ Using the automatic mode

Press the automatic mode button to turn on the airflow and the driver's side temperature control buttons to adjust the temperature.

## ■ Adjusting the temperature

**Without rear air conditioning system**

In dual mode, driver and passenger side temperature settings can be adjusted separately.

Press the passenger's side temperature control buttons to adjust the temperature for the passenger side.
To cancel the dual mode, press the DUAL mode button.

**With rear air conditioning system**

In individual mode, the temperature for the driver's, front passenger's and rear seats can be adjusted separately.

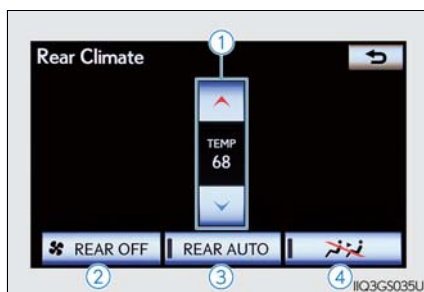
Press the passenger's side temperature control buttons to adjust the temperature for the passenger side.
To adjust the temperature for the rear seats, see page 71.
To cancel the individual mode, press the 3-ZONE mode button.

## ■ Using the S-FLOW mode

Press the S-FLOW mode button to operate the system.

When the S-FLOW switch is pressed, the airflow changes as follows.
Without rear air conditioning system: Air flows to the front seats only.
With rear air conditioning system: Air flows to the front seats only, and if the passenger seat is unoccupied, the set temperature, outside humidity and temperature inside the cabin are assessed, and air flows to the driver seat only.

## Rear Air Conditioning System (if equipped)
1. Air outlet mode display
2. Temperature display
3. Temperature control
4. Air outlet selector
5. Off
6. Automatic mode

### Front controller


1. Temperature control
2. Off
3. Automatic mode
4. Disabling the switches on the rear armrest

# Seat Heaters/Seat Ventilators (if equipped)

## ■ Front seat heaters

Press the switch to turn the seat heater on.

① Hi
② Mid
③ Lo
④ Off

## ■ Rear seat heaters (if equipped)
Press the switch to turn the seat heater on.

① Hi
② Mid
③ Lo
④ Off

## ■ Seat ventilators (front seats only)

Press the switch to blow air from the seat.

① Hi
② Mid
③ Lo
④ Off

■ The seat heater automatically switches from Hi → Mid → Lo → Off. The switching timing differs depending on the temperature inside the cabin etc. when the seat heater was operated.

■ If the driving mode select switch is switched to Eco drive mode in cold temperatures, the seat heater may be automatically operated to assist heating performance. (→P.42)

# Voice Command System

NOTE:When inputting voice commands you must wait until after the beep to speak.

## Basic operation
1. Press on the steering wheel.
2. - If you know the command:
   Press again.
   - If you do not know the command:
   Follow the voice guidance to learn the command and then press again.
3. Say a command after the beep.

Continue on to pages 74-75 for a detailed list of Voice Commands for the following categories:

■ Important voice commands information and tips

- Voice commands can be used while driving.
- You must wait until after the beep to say a command.
- In vehicles with a navigation system, a large TALK icon will appear on the navigation screen to prompt you to say a command.
- If you know what command to use, you can press at any time to interrupt the voice guidance.
- If a desired outcome is not shown, or if no selections are available, press on the steering wheel to return to the previous screen.

## ■ Command list

**Set a Destination (vehicles with a navigation system)**

| Command | Action |
| --- | --- |
| "Find Nearby <POI category>" | Displays a list of <POI category*> near the current position. |
| "Enter an Address" | Enables setting a destination by saying the address. |
| "Go Home" | Displays the route to home. |
| "Call Destination Assist" | Connects Lexus Enform with Safety Connect response center. |
| "Destination by Phone Number" | Enables setting a destination by saying the phone number. |

*: For example; Gas stations, Restaurants, etc.

**Use the Phone**

| Command | Action |
| --- | --- |
| "Call <name> <type>" | Calls made by saying a name from the phonebook.<br>For example: Say "Call John Smith", "Call John Smith, mobile" etc. |
| "Dial <number>" | Calls made by saying the phone number.<br>For example: Say "Dial 911", "Dial 5556667777" etc. |
| "International Call" | Calls international numbers by saying the phone number. |

**Play Music**

| Command | Action |
| --- | --- |
| "Play Artist <name>" | Plays tracks by the selected artist.<br>For example: Say "Play artist <XXXXX>"* |
| "Play Album <name>" | Plays tracks from the selected album.<br>For example: Say "Play album <XXXXX>"* |

| "Play Playlist <name>" | Plays tracks from the selected playlist.<br>For example: Say "Play playlist My Favorite Songs", "Play Playlist Classic Hits" etc. |

*: Say the desired artist name or album name in the place of the "<>".

**Get Information (vehicles with a navigation system)**

| Command | Action |
|---|---|
| “Traffic” | Displays the traffic incident list. |
| “Weather” | Displays weather information. |
| “Sports Scores” | Displays the sports list. |
| “Stock Quotes” | Displays the stocks list. |
| “Fuel Prices” | Displays the fuel prices list. |
| “Lexus Insider” | Displays the Lexus insider list. |

**Select audio mode**

| Command | Action |
|---|---|
| “Radio”, “AM”, “FM”, “Satellite radio”, “Disc”, “Auxiliary”, “Bluetooth* audio”, “iPod”, “USB audio” | Change the audio mode. |
| “Audio on” | Turns the audio system on. |
| “Audio off” | Turns the audio system off. |

*: Bluetooth is a registered trademark of Bluetooth SIG, Inc.

**Climate/air conditioning system command**

| Command | Action |
|---|---|
| “Automatic climate control” | Turns air conditioning system on and off. |
| “Warmer” | Turns temperature up. |
| “Cooler” | Turns temperature down. |

“Select audio mode” and “Climate/air conditioning system command” are enable when expanded voice commands are turned “On”. Refer to the “Owner’s Manual” and “Navigation System Owner’s Manual”.

## Portable Audio Device Ports

These ports can be used to connect a portable audio device and listen to it through the vehicle's speakers.
Open the console box, open the cover and connect the portable audio device.

## Garage Door Opener (if equipped)

The garage door opener can be programmed to operate garage doors, gates, entry doors, door locks, home lighting systems, security systems, and other devices.

The garage door opener (HomeLink® Universal Transceiver) is manufactured under license from HomeLink®.

### ■ Programming the HomeLink® (for U.S.A. owners)

The HomeLink® compatible transceiver in your vehicle has 3 buttons which can be programmed to operate 3 different devices. Refer to the programming method below appropriate for the device.
① Indicator light

② Buttons

## ■Programming HomeLink®
1. Hold your hand-held transmitter 1 to 3 in. (25 to 75 mm) of the HomeLink® buttons.
2. Press and hold down the desired HomeLink® button.
3. For U.S.A. owners:
   While pressing the HomeLink® button, press and hold down the button on the hand-held transmitter until the indicator light changes from a slow to a rapid flash.
   
   For Canadian owners:
   While pressing the HomeLink® button, repeatedly press and release (cycle) the button on the hand-held transmitter every 2 seconds until the indicator light changes from a slow to a rapid flash.

If your garage door is of the rolling code type:

4. Press the training button on the motor-head unit in your garage.
5. Press and hold the vehicle's programmed HomeLink® button for 2 seconds and release it. Repeat this step once again.
   If the door does not open, press and release the same button once again.

## ■ Programming other devices

For U.S.A. owners:
To program an entry gate, see the Owner's Manual.
To program other devices, contact your Lexus dealer.
For Canadian owners:
To program all other devices, follow the same procedure as for garage door programming.

## ■ Operating HomeLink®
Press the appropriate HomeLink® button. The indicator light should come on.

# Safety Connect (if equipped)

Safety Connect is a subscription-based telematics service that uses Global Positioning System (GPS) data and embedded cellular technology to provide safety and security features to subscribers. Safety Connect is supported by Lexus' designated response center, which operates 24 hours per day, 7 days per week.
Safety Connect service is available by subscription on select, telematics hardware-equipped vehicles.

## ■ System components
1. "SOS" button
2. LED light indicators
3. Microphone

## ■Services

Subscribers have the following Safety Connect services available:

● **Automatic Collision Notification***

In case of either airbag deployment or severe rear-end collision, the system is designed to automatically call the response center. The responding agent receives the vehicle's location and attempts to speak with the vehicle occupants to assess the level of emergency. If the occupants are unable to communicate, the agent automatically treats the call as an emergency, contacts the nearest emergency services provider to describe the situation, and requests that assistance be sent to the location.

*: U.S. Patent No. 7,508,298 B2

● **Stolen Vehicle Location**

If your vehicle is stolen, Safety Connect can work with local authorities to assist them in locating and recovering the vehicle. After filing a police report, call the Safety Connect response center at 1-800-25-LEXUS (1-800-255-3987) and follow the prompts for Safety Connect to initiate this service.
In addition to assisting law enforcement with recovery of a stolen vehicle, Safety-Connect-equipped vehicle location data may, under certain circumstances, be shared with third parties to locate your vehicle. Further information is available at Lexus.com.

● **Emergency Assistance Button (SOS)**

In the event of an emergency on the road, push the "SOS" button to reach the Safety Connect response center. The answering agent will determine your vehicle's location, assess the emergency, and dispatch the necessary assistance required.

If you accidentally press the "SOS" button, tell the response-center agent that you are not experiencing an emergency.

● **Enhanced Roadside Assistance**

Enhanced Roadside Assistance adds GPS data to the already included warranty-based Lexus roadside service.
Subscribers can press the "SOS" button to reach a Safety Connect response-center agent, who can help with a wide range of needs, such as: towing, flat tire, fuel delivery, etc. For a description of the Roadside Assistance services and their limitations, please see the Safety Connect Terms and Conditions, which are available at Lexus.com.

## ■Subscription

After you have signed the Telematics Subscription Service Agreement and are enrolled, you can begin receiving services.
A variety of subscription terms is available for purchase. Contact your Lexus dealer, call 1-800-25-LEXUS (1-800-255-3987) or push the "SOS" button in your vehicle for further subscription details.

## Lexus Enform with Safety Connect (if equipped)

Lexus Enform with Safety Connect is a generic name for Apps, Destination Assist, eDestination, Lexus Insider, and Safety Connect.
The functions included in Lexus Enform with Safety Connect are classified into the following three functions.
For details, refer to the "Owner's Manual" and "Navigation System Owner's Manual".

### Function achieved by using a cellular phone

#### Services

Of the functions included with Lexus Enform with Safety Connect, only Apps can be achieved by using a cellular phone.
Apps is a service that enables the usable contents of a cellular phone to be displayed on and operated from the navigation screen.

- APPS
  Each time "Apps" is activated, the system checks for updates. When there are no updates available, the main menu screen will be displayed right after a screen indicating that updates are being checked for has been displayed.

#### Subscription

Apps will be available on a trial period included upon purchase of a new vehicle. User registration is required to start using the service.
When a trial period has elapsed after purchasing a new vehicle, a fee will be charged to renew the contract. Services requiring a separate contract can also be used. For details, refer to http://www.lexus.com/enform/ or call 1-800-255-3987.

### Function achieved by using DCM and the navigation system

#### Services

Of the functions included with Lexus Enform with Safety Connect, Destination Assist, eDestination, and Lexus Insider can be achieved by making DCM cooperate with the navigation system.
These are subscription-based telematics services that use Global Positioning System (GPS) data, embedded cellular technology to provide safety and security as well as convenience features to subscribers. The services are supported by Lexus' designated response center, which operates 24 hours per day, 7 days per week.
The services are available by subscription on select, telematics hardware-equipped vehicles.

- Destination Assist
  Destination Assist provides you with live assistance for finding destinations via the Lexus Enform with Safety Connect response center. You can request either a specific business, address, or ask for help locating your desired destination by category, such as restaurants, gas stations, shopping centers or other points of interest (POI).
  After you tell the agent your choice of destination, its coordinates are sent wirelessly to your vehicle's navigation system.

- **eDestination**
  With the eDestination feature, you can go online, via the Lexus.com owner's Web site, to select and organize destinations of your choice and then wirelessly send them to your vehicle's navigation system.
  You can store up to 200 locations online to access and update at any time.
  Your locations can be organized into up to 20 personalized folders.
  You must first go online at www.lexus.com/drivers/ to view the Owners site where you will need to register and log in. After this, you can create your personalized folders containing the locations you wish to send to your vehicle. (See Lexus Enform with Safety Connect Guide for more information.)
- **Lexus Insider**
  Lexus Insider is an optional service that can send audio messages, or articles, to participating owners' vehicles via the navigation system. Potential Lexus Insider subjects might include, for example, Lexus vehicle technology tips, updates on regional Lexus events, or audio excerpts from Lexus Magazine articles. Up to 20 articles can be stored at a time. You may opt out of receiving Lexus Insider messages at any time.

### Subscription

After you have signed the Telematics Subscription Service Agreement and are enrolled, you can begin receiving services. A variety of subscription terms is available for purchase. Contact your Lexus dealer, call 1-800-25-LEXUS (1-800-255-3987), or select the "Destination Assist" in your vehicle for further subscription details.

## Function achieved by using DCM

### Services

Of the functions included with Lexus Enform with Safety Connect, Safety Connect can be achieved by using DCM.

- Safety Connect (→P.78)

# XM Services (if equipped)

XM services are subscription-based XM Satellite Radio services to provide convenient features to subscribers.
For details, refer to the “Owner’s Manual” and “Navigation System Owner’s Manual”.

## ■ Services

**With an active XM subscription, the following features are available:**

- **XM Sports and Stocks*1**
  XM Sports and Stocks is a service included with an XM Satellite Radio subscription. This service is also available with an XM TravelLink subscription. With this service, you can receive updates via the navigation system on your personally selected sports teams and stocks.
- **XM Fuel Prices*2**
  XM Fuel Prices is a service included with an XM TravelLink subscription. It enables the navigation system to display current fuel prices and gas station locations, which can be set as a destination if desired.
- **XM NavWeather™*2**
  The subscription-based XM NavWeather™ service allows the navigation system to display weather information on the map screen.
- **XM NavTraffic®*2**
  The subscription-based XM NavTraffic® service allows the navigation system to display traffic information on the map screen.

*1: Available at no extra charge with an active XM Satellite Radio subscription.

*2: Available via separate XM subscription(s).

## ■ Subscription

XM NavTraffic®, XM NavWeather™ and XM TravelLink require separate XM subscription(s). XM Sports*, XM Stocks* and XM Fuel Prices are available with an XM TravelLink subscription. After a 90-day trial, you must contact XM and set up the appropriate XM subscription(s) to continue receiving these services.

*: XM Sports and XM Stocks are included with an XM Satellite Radio subscription.
